

FIBRE ARTS AUSTRALIA: LOOKING TOWARDS THE FUTURE.

(Please read right to the end!!)

WELL!!!

What a few months we have all been through and I might say that it does not seem to be over just yet!

Nonie and I will not dwell on all the cancellations that we have had to endure in the last month... having to say 'do not come' to all our fabulous International and Australian tutors, having to let you know of our horrid decisions not to have the events..

took its toll on our emotions and yours too, I am guessing?

BUT...

And there is always a 'but' as we love to have a party!!

So, to think on the very positive side, Nonie and I are planning and plotting well into the future.

This email will let you link to the amazing tutors that we will be having in April 2021 in Ballarat. We hope that there is someone there that will tempt you to dip your toe back into the workshop water again!

Just click here and take your time to go thru this e.ZINE to see the exquisite work that will be given in April 2021

Since you have got to here... there is even more fabulous news!!!

We are planning to have the September Fibre Art event but this will be a little different...

AN ALL AUSTRALIAN TUTOR EVENT.

- 1.. Fibre Arts wants to support our Aussie Artists.
- 2.. they need to be nurtured and applauded in these times
- 3..Fibre Arts want to support you as well... we all need the nurturing hand of art to get us thru.
- 4..We feel sure that all of our Australia borders will be open by then... fingers crossed!

So join us from 21 - 27 September 2020 at

Ballarat Grammar and we will have the biggest party.

All of this is being coordinated now and you will have those details by mid-May... hope you can hang on for that long to see who is coming.

If you think that there is not one tutor that you fancy in the line-up(I will find that hard to believe) just come and do a technique that you have never done before... you will be surprised at what you will actually learn!

It also means that you can come and party with us!!

Take care, stay at home and make art,
stay safe and remember to self-distance at all times!

We are all in this together.

Long distance hugs from
Glenys Nonie and the Fibre Arts team.
